BUILDING A FUTURE TOGETHER

Our journey of excellence was initiated by Mr. AVR. Natesan and Mrs. A.Rajeswari in the year 2015. Ever since, we have made sure that we provide quality products at an unbeatable price, while equally focusing on design and aesthetics. We focus on the physical and technical aspects of production which ensure long life and back it up with speedy installation and delightful customer service.

WHAT IS UPVC?

PVC stands for Polyvinyl Chloride, also called vinyl. It is a thermoplastic material that can be melted and recycled many times. uPVC is a rigid PVC and is used extensively in the construction industry due to its **abrasion resistance, lightweight & durability.**

WHY AKSHARA WINDOWS & DOORS

Manufactured in India using German Technology

Stringent European quality control guidelines

Optimized for Indian weather

Offers lifetime of Strength, style and durability

TECHNOLOGY THAT MAKES US STAND OUT

Akshara Doors & Window systems are made out of a world-renowned brand of additives from **BAERLOCHER**, **DUPONT**, **KANEKA**, **DCW** and **KLEIBERIT** to enable the best formulation for its uPVC profiles.

Sound Resistance

- Unique Double-seal mechanism
- Reduces outside sounds by up to 40 dB

Water Resistance

- Prevents rotting, warping and leaking due to heavy rainfall
- Built to remain water-tight

Heat Retardant

- Multiple glazing options
- Superior thermal insulation
- 2.2 times better than traditional materials
- Ideal for India's extreme weather conditions

Customized to your needs

- Provides lot of customization options in colour, lamination, glazing, hardware & grill options

Weather Resistance

- Built to withstand any kind of weather conditions

Long Life

- 10 year warranty

Low maintenance

- Provides low maintenance cost
- Do not require painting & polishing
- Retain shine, colour, lustre and shape for a long period of time

THE REASON BEHIND THOUSANDS OF SMILES TESTIMONIAL

While none of my existing wooden window doors lock / latch perfectly, my recent addition of UPVC windows to my balcony give smooth movement of the panes and perfect locking system; over and above an elegant look indeed! Thanks to the technology, I wonder how many cubic feet of wood is saved!

Santhanam

Akshara windows and Doors are Simple / Stylish and Classy!! Happy to be a part of the Eco-friendly Club without compromising any of the interior decorations. Thanks to Akshara Windows !!!

Santhoshi

UPVC Window Doors.. Trendy.. Elegant .. looks newly fitted like with very less maintenance.

Adding richness to the house on the whole.. as accommodative to all sizes.

Sridevi Sukumar

A product of UPVC windows from AKSHARA is effective and best alternate for conventional wooden windows that we switched over 5 years back. It is good looking, less maintenance , easy and erected faster. We are happy customer.
